### ***Suspect Arrested for Attempted Homicide – Peach Springs, Arizona***

\*\*\*

PRELIMINARY INFORMATION - On November 29, 2014, Yavapai County Sheriff's Office deputies arrested 52-year-old Bryan Wilson for Attempted Homicide, Aggravated Assault, and Armed Robbery on a lot in the Antelope Valley Estates near Peach Springs, Arizona. Wilson was booked at the Camp Verde Detention Center and remains in-custody on a \$200,000 bond.

Background -- Deputies were dispatched to the indicated location on November 29, 2014, around 8:15 PM regarding a 68-year-old male victim reportedly shot in the leg. Deputies were also told the suspect, Bryan Wilson, was still holding a rifle and trying to shoot the victim again. A YCSO field supervisor arrived first and was able to detain Wilson without incident. Both Wilson and the victim live in separate locations on the same property.

The victim told deputies he had been in an argument with Wilson over money he owed Wilson. Wilson was armed with a .22 caliber rifle at the time. He gave some cash to Wilson as requested and when he turned to walk away, Wilson fired 2 shots with one of the bullets hitting him in the leg. A female witness on scene intervened by blocking Wilson's view of the victim as Wilson tried to shoot the victim again. Another male, who was present at the time of the shooting, was able to grab the rifle from Wilson after he shot the victim. Wilson then pulled a revolver from his belt holster which the male witness was able to take from Wilson's grasp. As Wilson was about to produce another handgun intending to shoot the victim again, police sirens were heard and Wilson relinquished the pistol.

EMS personnel arrived and treated the victim for a gunshot wound to his left leg. The victim was airlifted to a Las Vegas hospital for treatment of the non-life threatening injuries.
